PAPERWHITE NARCISSUS

Suitable for indoor planting only. The bulbs are of the easiest culture and produce pure white flowers in clusters, which are delightfully fragrant. Their beauty and grace may be enjoyed throughout the winter. Place bulbs in pebbles and water, for a continuation of bloom plant in succession, allowing less time for rooting as the season advances.

doz. for 60c; 25 for \$1.10; 100 for \$4.00

DAFFODILS - NARCISSUS for NATURALIZING

An excellent blending of varieties suitable for Naturalizing or other mass planting. Can be planted in borders, fields, woods, lawns, rockeries, in fact anywhere. One of the finest things that can be done with a piece of open, waste land is to plant it with these Naturalizing bulbs. Plant them where they can be left alone to increase from year to year.
